[Tailwind CSS](#) [Material UI](#) [Bootstrap](#) [Styled-components](#) [Framer Motion](#)

CMS

[Wordpress](#) [Webflow](#)

### Tools & Softwares

Development

[VS Code](#) [Git](#) [Bitbucket](#) [Sourcetree](#)

Design

[Figma](#) [Blender](#) [AdobeXD](#)

Project Management

[Jira](#) [Notion](#) [Scrum Developer](#)

## Experience

### Flymya.com — Frontend Web and Mobile Developer

 April 2023 - present

[React](#) [React Native](#) [Material UI](#) [Apollo Graphql](#)

- Collaborating with cross-functional teams to improve the UI & UX of the Flymya.com web application.
- Optimizing performance and user experience across various platforms, including Desktop-web, Mobile-web, In-web, In-app, and Mobile application.
- Developing new features and functionalities for the internal dashboard to enhance user experience and streamline operations.
- Active participation in Scrum team activities, including sprint planning, daily stand-ups, and sprint retrospectives.
- Continuously learning and adopting new technologies to stay updated with the latest industry trends and improve development practices.

### Innovix Solutions — Junior Frontend Developer

 Dec 2021 - April 2023

[Pugjs](#) [Gulp](#) [React](#) [Redux](#) [Ecommerce](#) [Responsive Website](#)

- Developing and maintaining responsive websites using Pugjs and Gulp, focusing on delivering optimal user experiences across various devices and screen sizes.
- Building interactive and dynamic components for e-commerce websites, enhancing user engagement and satisfaction.
- Collaborating closely with designers to enhance UI/UX features, ensuring seamless integration of design elements into the development process.

## Featured Project

### Flymya.com – Enhanced Travel Platform

[React](#) [React Native](#) [Material UI](#) [Styled-components](#) [Apollo Graphql](#)

Flymya.com provides a seamless booking experience across multiple platforms, including Desktop-web, Mobile-web, In-web, In-app, and Mobile application. Our focus on performance optimization and user experience ensures hassle-free travel planning with intuitive navigation and responsive design.

### Today Ogilvy – Creative Brand Website

[Pugjs](#) [Bootstrap](#) [SCSS](#) [Grids Layout](#) [Smooth scroll animations](#) [Parallax](#)

The Today Ogilvy Myanmar website offers a captivating user experience with visually stunning layout and animations. Meticulously crafted frontend design integrates smooth scroll animations, parallax effects, and grid layouts, enhancing engagement and responsiveness across devices. This immersive browsing experience reflects the brand's commitment to excellence.

### Starbucks Laos Website

[Pugjs](#) [Bootstrap](#) [SCSS](#) [Responsive](#)

The Starbucks Laos website stands out with its dynamic, clean, and modern UI/UX design. Fully responsive across all devices, the website offers a seamless browsing experience for users. With a focus on intuitive navigation and visually appealing design elements, Starbucks Laos sets the standard for modern web experiences.

### ChainPro – Ecommerce Website

[React](#) [Redux](#) [Styled-components](#) [Bootstrap](#) [SCSS](#)

ChainPro is an e-commerce app built with ReactJS, offering a clean and intuitive user experience with highly customizable features. Integrated with multiple payment methods, ChainPro provides a user-friendly platform for buying and selling products within local communities.

✿✿✿ I mostly work on confidential B2B projects and tasks for various organizations and companies. Therefore, I cannot share project links or resources with you. However, if you need more information, please feel free to contact me directly.

## Education

### University of Computer Studies, Yangon — B.C.Sc (Final Year)

 Dec 2016 - 2020

## Language

English, Burmese
